

LeadAbroad 3-Day Garden Route Adventure

This 3-day adventure tour has been specifically designed for LeadAbroad students to help them maximize their international experience. Filled with adrenaline, sightseeing, safari and culture.

Day 1: Cape Town to Sedgefield via Gansbaai

We depart Cape Town early Friday morning and drive to Gansbaai, the great white shark capital of the world. After breakfast, we board our boat to view these giant ocean predators from the safety of a cage. Our boat is purpose built for shark cage diving and our cage can take up to 5 people so you can share this once in a lifetime moment with your friends.

Once back on shore we take a scenic drive to the beach town of Sedgefield where we visit the beach and dip our toes in the Indian Ocean before having a traditional South African braai (similar to a BBQ).

Day 2: Garden Route adventure day

This morning we visit a sanctuary for orphaned African elephants where you learn about these gentle giants and can even interact with them and feed them. We then take a short drive to the Bloukrans Bridge where you have the option of doing the world's highest bridge bungee at 714ft!

On our way back to Sedgefield we stop to take in the dramatic views from the Knysna heads. Tonight we have a traditional South African potjiekos dinner, this is a slow cooked stew over hot coals.

Day 3: Sedgefield to Cape Town via Garden Route Game Lodge

On our way back to Cape Town we visit a private game reserve where we go on an open vehicle game drive to view lions, elephants, giraffe, cheetahs, rhinos and many other wild animals. The tour ends at the Cape Town airport where students will head back to the States.

What's Included

Day 1:
