

DIRECT Greece December Newsletter

December 9, 2020

Congrats on making it through the *longest year ever*, otherwise known as 2020! For those I have not had the chance to talk to yet, I'm Michael - your onboarding expert and go-to resource for all things pre-program! Over the last few years, I've worked with thousands of students to help prepare for their epic adventures abroad, and ***I'm more ready than ever*** to help **YOU** get abroad this summer.

As we reach the end of the fall semester, we are excited to look towards the new year and share our very first newsletter for summer 2021! You can expect monthly updates until we get closer to departure. At that point, we will be in touch more often to make sure you're 100% prepared. [All newsletters will be posted online here](#) so you can always catch up if you miss an email!

As always, text me at **404.496.4095** or email **info@LeadAbroad.com** with any questions!

What's Important Now

- *****Deferred students from summer 2020 will have adjusted invoices to reflect credits and any balance owed.*****

Apply for (or renew) your passport ASAP

- If you do not have a passport, your current passport is expired, or your passport expires anytime in 2021, start the process to get a passport or renew as soon as possible. The Department of State is estimating **up to 12 weeks of processing time**, so we strongly encourage everyone to take these steps now to avoid stress later!

Flight Planning

- We know many students and families are eager to plan flights and use credits from cancelled travel in 2020. Given the pandemic's impact on airlines, flight schedules are still changing often, especially for international routes.
- In February, we will post specific recommended itineraries to Greece for students to book. We suggest waiting to book flights until we provide those recommendations.
- If you'd like to book flights before we post our recommended group itineraries, **click your session below** to ensure your flight lines up with our group transportation plans. This is when *most* flights from the U.S. arrive in Athens, and we fully expect our official group flight recommendation will be in the timeframe as well!
